Living here in Britain , you sometimes forget that some people need special care especially those poor kids in the Third world . Just surviving each day is a miracle , with all that hunger and diseases .What kind of childhood is that ?

Hungry children couldn't live in these miserable conditions. That's why the CCF:Christian Children's Fund was established and became so important . Since 1983, its members have been making sure kids get good food,special care and education that suit their abilities and desires .

There are so many kids that need help.If you can spend £12 a month, you are actually giving a hand to these needy children.It is a good idea to join this club and sponsor CCF children .

CCF will send you photographs of these kids and expects you to write to them back .So, you can really get involved in their situation.It's great that the children receive valuable services for just 40 pence a day given by each member of the club.
