The text

1 Some people make the world special just by being in it. Lucy Gomez is the most creative person I know. She started piano lessons when she was only 6 years old. At school, she was always creating interesting projects in her art class. When she was 12 years old, she won a citywide poetry contest. Her parents were very proud of her.

2 Now, Lucy works as a sitcom writer for a popular TV show. She works with a group of writers, and together they have to think of fresh ideas. They also have to come up with funny dialogue for the actors on their show because the actors have to play believable characters that will make the audience laugh. It is not an easy job, but Lucy does it well and she is fascinated by it. She starts work late in the morning and often works until 7 or 8 at night.

3 Being at home, Lucy spends most of her time with her mother Carla. "I have got a large family and I get along with all of them. Yet, mum is the most intimate one to me. She is my best friend, the one I rely on whenever I find myself in trouble. She always guides me and gives me advice about everything. I am proud of having such a well-experienced mother." She once said to me.

4 In her free time, Lucy enjoys watching TV. Her favourite programmes are documentaries and romance series. She is also fond of chatting on facebook with friends from all over the world. The comment on her facebook profile is really attracting: "Don't walk in front of me I may not follow, don't walk behind me I may not lead, walk beside me, BE my friend!"

5 Lucy is very curious. She likes to travel and meet new people who have opinions that are different from hers. She often carries a notebook with her and writes down what she sees and hears. Lucy tells me that these new experiences are a good source of ideas for her work. I always enjoy talking to her and I am happy to know someone as bright and creative as Lucy.
